PRIMARY EXAMINER  
ART UNIT 222

**The following is an Examiner's Statement of Reasons for Allowance**

Regarding independent claim 1, the prior art fails to show a method for electronic contract safekeeping including displaying a contractual coverage of a contract at a covenantee terminal connected to a contractor server storing information of the contractual coverage's; inputting contract agreement information representing whether agreeing to the contractual coverage or not at the covenantee terminal; inputting safekeeping agreement information representing whether agreeing to a safekeeping of the contractual coverage or not, at the covenantee terminal; when the contract agreement information agreeing to the contractual coverage is inputted; requesting a contract safekeeping server to store the contractual coverage, when the safekeeping agreement information agreeing to the safekeeping is inputted; issuing a contract ID for identifying the contract at the contract safekeeping server in accordance with the request; and transferring the issued contract ID from the contract safekeeping server to the covenantee terminal and the contractor server in the manner and complexity recited by the claims. Regarding independent claim 10, the prior art fails to show a contractor server including a contractual coverage notifying unit configured to notify a covenantee terminal of a contractual coverage of a contract; a contract agreement receiving unit configured to prompt a user of the covenantee terminal to input contract agreement information representing whether agreeing to the notified
